I feel the power of the rage
You cannot close me in your
Cage

You cannot hurt me anymore
I'm ready for the war

I know I'm not alone
Everyday I feel your soul
I know you feel the same
When they speak your name

My life it's only mine
You call me outcast
You even give me power
Your hate will make me
Stronger

Outcast I'm outcast

Cage

You cannot hurt me anymore
I'm ready for the war
