

Ektomorf, Scum

what do you think of myself
what do you think of me
I'm here you can see
come on and tell me

face to face
tell your fairy-tail
your fucking opinion
then fuck off

live and let live

while you're smoochin' my ass
you stab me in the back
you two-faced bastard
I shit on you

tell me what's really yours
tell me who you really are
what kind of live is yours
who are you to judge me

Scum!
