

Ektomorf, Son Of The Fire

I'm the son of the fire
I'm the son of the fire
My blood never calms down

I'm the son of the fire
I'm the son of the fire
I'm the son of the fire
My folk is a damned one

I'm the son of the fire
The fire's

I'm the son of the fire
I'm the son of the fire
I burn everything behind me

I'm the son of the fire
I'm the son of the fire
I'm the son of the fire
Chased but still free

I'm the son of the fire
The fire's

I will burn
I will burn you
I'm standing alone in the fire
Listening to the song of my ancestors
I will be in you forever
I give you the passion
Passion
