

# Ektomorf, United Nations

Skin colour, racism and prejudice  
This world will never change  
The roots of the hate too deep in our lives  
And we have too much pain

I see it

I was born for what I was born  
And you can't bring me down  
I don't believe in your society  
I only believe in god

I feel it

I see discrimination in the United Nations
