

# El Doopa, Prohibicja

We came from district laying very far from here  
So we don't understand these rules you gotta here  
So I've had spoke him pope visiting you're at countryside  
There is no city we can buy only bottle of wine  
Nobody wanna sell anything that we want to drink  
That man I'm sure just leave, leaves no nothing  
The prohibition made the gangsters like Al Capone  
Did you see white morons just part of the twilight zone  
So we don't want no prohibition in a Warsaw  
So we don't want no prohibition in a Cracow, eja!  
So we don't want no prohibition in a stylee  
Ajri, ajri in a different stylee

Ajri, ajri in a different stylee  
We came from Lagos if you really wanna know, yes!  
Not every pope is the reason to say no to us  
To drinking some or to drinking little some more  
I love girl with the legs like a Betty Ford  
To sell not drink during John Paul visiting ya  
Which motherfucker there's to brake this original law  
Me say me love in a different stylee  
Babilons had met really, really thirsty  
So we don't want no prohibition in a Warsaw  
So we don't want no prohibition in a Cracow  
So we don't want no prohibition in a stylee  
Ajri, ajri in a different stylee  
So we don't want no prohibition in Katowice  
So we don't want no prohibition in Gliwice
