

# Elaiza, I Don't Love You

The first time I met you  
I didn't know who you are  
It was not my intention  
That it would come so far  
But there was something  
That got my attention and got me warm  
The first time I met you

But I don't love you  
I was only into your character  
It's your personality that I'm interested in  
But I don't love you  
I was only into your character  
If I've disappointed you then I'm so sorry  
But I'm trough with you

I did'nt get your intention  
When you asked me out  
It was a nice invitation  
From a friend that was all  
Great conversation  
'till I saw that you would fall  
I did'nt get your intention

But I don't love you  
I was only into your character  
It's your personality that I'm interested in  
But I don't love you  
I was only into your character  
If I've disappointed you then I'm so sorry  
But I'm trough with you
