

# Elastica, The Other Side

BBC Radio 1 Evening Session 08/08/96

It's been really hard I know

It's been really hard under fire

So take a look at what this world's become

You know I've really got to go right now, oh

You've been polishing that gun too long

It's seen no action since the war begun

So take a look before you join the other side

You know I've really got to go right now

So strung out

You see (that I) don't want to play this game

I need your shoulder to cry on

It's something I can rely on

Don't want to live this way

That's why I'm leaving this for you

To Russia with love

Oh, see you

It's me

We've (been) pushing it, it's like cold war

The walking wounded from the night before

So take a look before you join the other side

You know I've really got to go right now

I'll see you round

You see (that I) don't want to play this game

I need your shoulder to cry on

It's something I can rely on

Don't want to live this way

That's why I'm leaving this for you

To Russia with love

(You) see I'm talking about you

Don't want to fight without you

Don't want to fight about it

I'm just your (LOVER!)
