

# Elbow, Any Day Now

What's got into me? Can't believe myself!  
Must be someone else. Must be someone else. Must be,

Any day now hows about getting out of this place. Any ways.  
Got a lot of spare time. Some of my youth and all of my senses on overdrive.

What's got into me? Can't believe myself!  
Must be,

Any day now hows about getting out of this place. Any ways.  
Got a lot of spare time. Some of my youth and all of my senses on overdrive.

Don't play Coltrane you will sleep at the wheel  
Eyes on-horizon. Don't sleep at the wheel.
