

Electrasy, In Here We Fall

I wanna get to heaven but bombed out in hell
I'm strung out, so high today
I've got nothing to do but get stoned

Oh, in here we fall
oh, in here we fall

Instinct gives me pleasure, I don't like the pain
I'm in a mess but I'm impressed
I've got nothing to do but get stoned

Oh, in here we fall
oh, in here we fall

I've got nothing to do [8X]
Nothing to do but get stoned [4X]
oh, get stoned [4X]
