

# Electric 6, She's White

I was born a prisoner in your dungeon of fish  
Ooh yeah  
(Yeah! Yeah! Yeah!)

Solitary confinement underneath your dress  
Ooh yeah  
(Yeah! Yeah! Yeah!)

But I broke those cycles  
I bent those bars  
I got out of there and drove away in my car

I've got a new girl now  
She don't understand me  
But she's getting hot now

And she's white (White!)  
She's so white  
She's white like the light  
Never like the night

She's white (White!)  
She's so white  
I was born to excite her  
She could never be whiter  
Tonight

I was born a hunter in your jungle of sin  
Ooh yeah  
(Yeah! Yeah! Yeah!)

Now if love was a sport  
But she'd let me win  
Ooh yeah  
(Yeah! Yeah! Yeah!)

And I shot those arrows  
I bent those bars  
You returned my buy and shot me, in the heart

I've got a new girl now  
She don't understand me  
But she's getting hot now

And she's white (White!)  
She's so white  
She's white like the light  
Never like the night

She's white (White!)  
She's so white  
I was born to excite her  
She could never be whiter  
Tonight  
Tonight

Go!

I was born a dancer in your disco of fire  
Ooh yeah  
(Yeah, Yeah, Yeah)

And your love for the rhythm  
Is raising me higher

Ooh yeah  
(Yeah! Yeah! Yeah!)

But I scratched that record  
I stopped that show  
I got on the mike and then I let you know

I got a new girl  
She's 6 feet tall  
I got her number on the wall

And she's white (White!)  
She's so white  
She's white like the light  
Never like the night

She's white (White!)  
She's so white  
I was born to excite her  
She could never be whiter  
Tonight  
Tonight
