

# Electric Frankenstein, Hostage Situation

You dig into me im like a tick  
But your the only one thats sick  
You hold that gun to my head  
But your the one who ends up dead  
Made me hate the world i love  
But your the one thats feeling numb  
Ya took a chance with my life  
But your the only sacrifice

chorus

You got me in a hostage situation  
Feels like im in hell's kitchen (2x)

Ya know this story's getting old  
Between me and you its a lonely road  
Hope that you went through your friends  
Especially since they're all dead  
Im the one full of hate  
For all the time you made me waste  
Don't despise what you said  
I live in senseless misery

chorus (2x)

Hostage situation...SITUATION! (8x)
