Electric Light Orchestra, Endless Lies

Bye bye, pretty woman I've got to leave you now I find you never really cared.

CHORUS:

Stand back, take a look at you You couldn't care if you wanted to You keep saying it's gonna change But every time it comes back again It's a merry-go-round.

Endless lies shine in your eyes.

It's alright, count to ten
It will all be better then
It's alright, the world will go away.

REPEAT CHORUS

Endless lies, I can see it in your eyes
The heartbreak is, if you could only see
That's not the way it's supposed to be
Endless tears that flowed through the years
You take it all, and then you take some more
Then you come running back to me.

Play on, pretty music Play on and on for me Shine on, silver stars Over the sea.

Endless lies, I can see it in your eyes The heartbreak is, if you could only see That's not the way it's supposed to be.

Endless lies shine in your eyes.
