

# Electric Soft Parade, Bruxellisation

That could've been me,  
I don't know how,  
the door was open,  
but I couldn't go

And now the evening's here,  
you look so sad,  
but nothing's changed since then,  
and time is on my side,  
but if you lie,  
I'll always be behind

That could've been me,  
I don't know how,  
the door was open,  
but I couldn't go

And now the evening's here,  
you look so sad,  
but nothing's changed since then,  
and time is on my side,  
but if you lie,  
I'll always be behind
