

# Electric Wizard, Mourning Prayer

Poison clouds in the sky  
Acid rain in my eyes  
Starving children of my TV  
Victims of technology

Politicians, can't they see  
Their greed is destroying me  
Politicians, are they blind  
Time's run out for mankind

Devil plunges into the sun  
Things were said but nothing done  
Now too late, can't you see  
Human race wants their disease
