

Electrocutes, Futbol

Maybe later on
We can get him to don
A pretty little dress
And we'll take care of all the rest

(Chorus)
I see them everywhere
It's not fair it's not fair
Go over there
It's not fair it's not fair

Devil devil over there
What can we make you wear
You like mascara on you eyes
And garters on your thighs

(Chorus)

Hey Don the Mon Juan
Just let us put some on
It won't take too long
And it will stay on all night long

(Chorus)

(Bridge)
I'll just walk no I wanna walk (4x)

Hey naked I'm a stud
We know you like mud
Or do you want some lipstick
I think red would do the trick

(Chorus)

I'll just walk no I wanna walk
