

# Electronic, Out Of My League

I'm always late but I caught you in time  
To escape from the scene of the crime  
Louder than cymbals, all out of rhyme  
I give up 'cause I don't know the time

I can't decide  
Won't you rescue my pride  
Tell me the truth  
I have a picture of you  
You have a picture of me

We could steal away every night  
Or catch the earliest flight  
We're fallen in, so let's swim

\*You're out of my league  
But I'm depending on you  
You're all that I need  
So why don't you say that it's true  
You're out of my league  
But I'm depending on you  
You're all that I need  
So why don't you say that it's true

You're out of my league

Like a picture hung on a wall  
Not a word to speak, lost for a cause  
You could give me so many things  
But without your love, all of it stinks

My only crime  
Is the state of my mind  
Hold on to you  
I have a picture of you  
You have a picture of me

We could steal away every night  
Or catch the very first flight  
We're fallen in, so let's swim

(\*Repeat)
