

# Electrosy, Strawberry Sunrise

So many hearts, I chase them all away  
'cause I've been too high  
So let me down and take away the pain  
and leave me too die

Strawberry Sunrise, I'm loosing my way  
It's calling me to die, oh I, don't know why

I fade it all away

So many hearts are tryin' to make me stay  
but I'm in two minds

I find it hard to face another day  
It's easy to die

Strawberry sunrise, I'm loosing my way  
It's calling me to die, oh I, don't know why

I fade it all away

Over and over I see you, that's all I do  
I fade it all away

I fade it all away
