

Elegy, Savage Grace

[Music: Henk van der Laars & Dirk Bruinenberg]

[Lyrics & vocal melody: Ian Parry]

Having taken a path of no return, he develops a personality of power, and turns supreme manipulation into an art form. On the surface he portrays a person being of caring and consideration, while his dark side hides calmly, until the moment of truth can appear.

[Verse]

Full of charm, so open minded
Lets you talk 'till you're blue in the face
Compassion sincere
His own portrayal, the proud example to others
When in fact, a covenant he's made
With the dark side of hell

[Bridge]

Wait! Don't be fooled by him
Stop! don't go near him
His appearance can change, like the chameleon

[Chorus]

We're all his helpless subjects
And like his damaged toys
Once they're of no importance
With savage grace destroys

[Verse]

So supreme, a master to many
An' acts like a friend, offers comfort to all
Patiently, telling wild fabrications
Gaining your trust the thrill, the thrill of it all

[Repeat bridge & chorus]

Get ready to run!
