

Elemeno P, Verona

When I saw you in Verona
you sat down i moved over
pretty people but all I saw was you
and yes it's you I'm rating
but the boy you're dating
in my opinion he isn't right for you

and if everything goes to plan
I'll be proud to be your
man I promise to treat you well
head over heels in love I fell

she likes listening to punk rock
melancholic in the black frock
and she smiles when she sees me
intoxicated by her company

splendid
lady
lazy
sunday afternoon
good fortune at the bar
Verona Vero-oh-oh-na
