

Eleni Mandell, Refrain

Refrain
Don't say goodbye
Refrain
Sigh, sigh
Refrain
Don't make me cry, cry, cry
Refrain
Please refrain

Darkness is all I own
Fireworks may light the sky
But when they're gone, the dark returns

Refrain
Please refrain
Listen to a heart that's true
Refrain

Moonlight knows I'm alone
He may whisper tender thoughts
But off he goes when the sun comes up

Refrain
Please, please refrain
Always know I love you so
Refrain
Always know I love you so
Refrain
