

# Eleni Mandell, Too Bad About You

too bad about you  
too bad about you  
too bad  
so tall and so smooth  
so wondrous, cad  
so far from the top of your head to the ground  
if you picked me up you could carry me around  
too bad  
too bad  
too bad

i'm always awake looking out at the empire state building  
chrysler give a wink  
and the bradbury in LA, los angeles

my edison dreams won't keep me from seeing the truth  
you should have come with me  
too bad about you

too bad about you  
too bad about you  
too bad  
so tough and so cool  
so many others have had  
so far from the top of your head to the ground  
if you picked me up you could carry me around  
too bad

i'm always awake looking out at the first interstate building  
biltmore give a kiss  
oh the old vi bliss in LA  
los angeles

my bradbury dreams won't keep me from seeing the truth  
you should have come with me  
too bad about you  
you should have come with me  
too bad about you
