

# Elenium, To Aim and Miss

[Lyrics by J.]

[Music by Elenium]

Today is my right to feel and live  
All the moments to the bone  
I never saw it coming, but it happened  
Not to me

I am in unity with the feeling  
Sunshine definitely now forseen  
Now that I'm used to living  
Steady chaos

I am in constant motion  
Here, there, at the same time everywhere  
You'll have all I can offer  
And more

you said you'd take me to safety  
You urged and I believed  
You said you'd take me to safety  
And I believed when you said  
You'd take me
