

# Elf Power, The Creature

Careful where you hide  
secrets come alive  
walk right by the evil things  
slip into the night

I am the creature and I'll roam  
I've lived a thousand times before  
No longer waiting at your door  
I am the creature and I'll roam

All across the land  
the spectre holds your hand  
though her face you cannot see  
her thoughts you'll understand

I am the creature and I'll roam  
I've lived a thousand times before  
No longer waiting at your door  
I am the creature and I'll roam

Come on under  
I'll be waiting  
right beneath your feet

Time is over  
we're forgotten  
lightning fills the seas  
Have you ever heard  
the noises and the words  
calling out to lure you to  
the boiling underworld

I am the creature and I'll roam  
I've lived a thousand times before  
No longer waiting at your door  
I am the creature and I'll roam

Come on under  
I'll be waiting  
right beneath your feet  
Time is over  
we're forgotten  
lightning fills the seas
