Guardian Angel

Waging war against my sins
It's been a while since I talked to him
I keep a bible by my bed
But it's been a while since it's been read

I don't know why I've let things come this far....

It's hard to ask him to forgive
When you live a life you don't want to live
On your knees and crawling home
I never feel alone

Guardian Angel watching over me tonight
I'm sorry you got stuck with me
But I'm glad you're by my side

It's not good to drink alone
But I do every night when I get home
There's a lot of things I need to get off my chest
But it's hard to play with whiskey on my breath

I don't know why I've let things come this far.....

There was this girl she was a friend of mine
We used to talk all the time
She said she'd love to let me in
But she thinks I'm high again

I don't know why I've let things come this far...

Guardian Angel watching over me tonight
I'm sorry you got stuck with me
But I'm glad you're by my side

Guardian Angel watching over me tonight
And I'm sorry you got stuck with me
