

# Elis Mraz, IMMA BE

Alright, ha-ha-ha  
You better work that body, you work that body for me  
I'm feelin' good in my skin

Yeah, I'ma be, be, I'ma be on the top  
I'ma be dirty, I won't give a fuck  
I'ma be livin' that good, good life  
And I won't ever live it like the hell you want  
I'm crazy, la loca  
If you wanna be good, I'm oka—  
'Cause I'm never gonna be like you want me to be  
But it's good to be me, so you should tryna be like me  
Just kiddin', it has a deeper meanin'  
Tell me what, just kidding  
Oh, how you call this feeling?  
'Cause I know that I love it when I feel like that  
Finally I know I wanna be like that  
'Cause I wanna be, be, wanna be, be  
I'ma be, I'ma be working on the beat, hey

You better work that body  
You know what I came here for  
What I need and what I want from you, babe  
You better work that body  
You know what I came here for  
I won't deal with shit, just wanna be crazy  
[Post-Chorus]  
Yeah, I'ma be, I'ma be  
Yeah, I'ma be  
I wanna feel, wanna feel good  
So you better work that body  
You work that body for me  
I'm feelin' good in my skin

I'ma be, be at the top and I won't stop  
Having my own life with no gangsta  
Paying my taxes and I'm paying my rent  
I'm the only one who knows who I really am  
'Cause I work hard, then I slay hard  
Work hard, then I slay hard  
Little bit of love, little bit of caution  
Not to fall in line, have a devotion  
I made it, so I made it clear  
I'm done with whatever that you want me to fear  
I've waited, for the -way too long  
I'ma be the one that set this song on fire  
'Cause it's my true desire  
You know you better work, work that body for me, no

You better work that body  
You know what I came here for  
What I need and what I want from you, babe  
You better work that body  
You know what I came here for  
I won't deal with shit, just wanna be crazy  
[Post-Chorus]  
Yeah, I'ma be, I'ma be  
Yeah, I'ma be  
I wanna feel, wanna feel good  
So you better work that body  
You work that body for me  
I'm feelin' good in my skin  
Feelin' good in my skin

You better work that body  
You know what I came here for  
What I need and what I want from you, babe

I won't deal with shit, just wanna be crazy

Yeah, I'ma be, I'ma be
