

Elise Estrada, Unlove you

unfair
unreal
i wanna tell my heart it's a quick steal
that'd be one way
to unlove you
unjust
unkind
that i can't you erase from my mind
that'd be another way
to unlove you
even though my heart
is tellin me to stay, beggin me to stay
my self-respect is telling me
i gotta walk away, so

CHORUS

i'mma gonna say what I gotta say
What's done you can't undo
i'mma gonna break what I gotta break
cause you were untrue
i'm gonna hurt
i'm gonna cry
i'm gonna tear me up inside
i'mma gonna do what I gotta do
to unlove you (to unlove you)
until
i heal
i wish that i could freeze every thing i feel
that'd be one way
to unlove you
emotions
unknown
if i could only turn me into stone
and that'd be, another way
to unlove you
even though my heart
is tellin me to stay, beggin me to stay
my dignity is tellin me
i gotta walk away, so

CHORUS

i'mma gonna say what I gotta say
What's done you can't undo
i'mma gonna break what I gotta break
cause you were untrue
i'm gonna hurt
i'm gonna cry
i'm gonna tear me up inside
i'mma gonna do what I gotta do
to unlove you (to unlove you)
i've gotta look you in the eye
and tell the world the biggest lie
what choice do i have
when you hurt me so bad
wrecked everything we had
so

i'mma gonna say what i gotta say
i'mma gonna do what i gotta do
to unlove you

CHORUS

i'mma gonna say what I gotta say
What's done you can't undo
i'mma gonna break what I gotta break
cause you were untrue
i'm gonna hurt
i'm gonna cry

i'm gonna tear me up inside
i'mma gonna do what I gotta do
to unlove you (to unlove you)
