

# Elise Trow, How to Get What You Want

Am I out of my head now  
For wanting more than love?  
Every child's agenda undone  
Am I out of opinions  
And reaching zero-sum?  
Five years from now, is nostalgia no fun?

(I think that, think that)  
I wanna see how far this will go  
Wanna meet who? I don't know  
Wanna see how far this will go, go, go

I'm coming down, coming down  
Got a case of it all  
Coming down, coming down  
Nearly burning me up  
In the atmosphere, how to get what you want  
How to disappear  
I'm coming down, coming down  
With a case of it all  
Coming down, coming down  
Nearly burning me up  
In the atmosphere, how to get what you want  
How to disappear

Can I let the ambition  
And give this struggle up?  
And, when I've made my decision  
I'm stuck

(I think that, think that)  
I wanna see how far this will go  
Wanna meet who? I don't know  
Wanna see how far this will go, go, go

I'm coming down, coming down  
Got a case of it all  
Coming down, coming down  
Nearly burning me up  
In the atmosphere, how to get what you want  
How to disappear  
I'm coming down, coming down  
With a case of it all  
Coming down, coming down  
Nearly burning me up  
In the atmosphere, how to get what you want  
How to disappear

Everything  
As it was  
Everything  
As it goes
