

Eliza Doolittle, Let It Rain

I found my way with bad directions
I did my best and I learnt my lessons
And I know what can I do to don?t miss again
So let it rain
Let it rain
Let it rain on me
So let it rain
Just let it rain
Just let it rain on me

I got a feeling of fallin?
Like in a bad dream
What?s the meaning
I called
It?s not what it seems
And I want, ever know
So I take the time
Coz? I want stop to take mien
I don?t know who the winner is
But I wanna by one
What I really want
If I didn?t ..

I found my way with bad directions
I did my best and I learnt my lessons
And I know what can I do to don?t miss again
So let it rain
Let it rain
Let it rain on me
So let it rain
Just let it rain
Just let it rain on me
