

Eliza Doolittle, Skinny Genes

I really don't like your point of view
I know you'll never change
Stinging me with your attitude
I've got the mind to walk away
I really don't like your arrogance
Or your policies
You're ninety-nine percent an embarrassment
With just one quality

I don't mind it when you
Brings out the best in me when you
Show your expertise
When the night always ends with a fight
I'm excited that you wind up next to me

I like it when you
Can I have some please of that
Satisfy my needs
Sometimes I fake that I hate you and make up
So you wind up next to me
I really don't like your skinny jeans
So take them off for me
Show me what you've got underneath
So we can do this properly

I really don't like the way you smile
When you think you're right
But I will forgive you, the yoke is in the middle
And we're chewing through the wire

I don't mind it when you
Brings out the best in me when you
Show your expertise
When the night always ends with a fight I'm excited
That you wind up next to me

I like it when you
Can I have some please of that
Satisfy my needs
Sometimes I fake that I hate you and make up
So you wind up next to me
I dreamed that you were on a train
And you were leaving, you were leaving
