

# Elk City, Melody

When I'm driving all alone.  
When I'm talking on the phone.  
You creep up and won't let go.  
Whisper something I don't know.

Oh, I know I'm crazy to brush you aside.  
Oh, I know I'm crazy cause you get me by.

Oh, and how you go to my head.  
Find me when I'm lying in bed.  
Ask me if I'll dance with you.  
Ask me if I'll hum your tune.

Oh, I know I'm crazy to brush you aside.  
Oh, I know I'm crazy cause you get me by.

Melody.  
Leave me alone.  
Out of my head.  
Will you go me home?  
But you won't.

How you get me by everyday.  
How you always show me the way.  
I know you will come again.  
It's only a matter of when.

Oh, I know I'm crazy to brush you aside.  
Oh, I know I'm crazy cause you get me by.

Melody.  
Leave me alone.  
Out of my head.  
Will you go me home?  
But you won't.
