

Elkland, Everybody's Leaving

there have been many times
i could not escape your eyes
i'll never quite understand
how you need me, then you leave me

(chorus)
everybody's movin' and nobody's callin'
i don't wanna be here, be alone
you said it wasn't worth it
i know i don't deserve this
i don't wanna be here, be alone

there have been many times
when i see you cry then turn and cry

i'll never quite understand
if you need me, love me, leave me

chorus x2

everybody's moving away
everybody's going away
everybody's moving away
everybody's going away

chorus x2

everybody's moving away
everybody's going away
