

Ella Bleu, Dizzy

I don't know when I first knew
I don't know if you liked me too
But I do know I feel that way now
I know that we were fourteen years old
I was the weird girl
You'll never let me forget
When I think back to that time
The awkward stages of our lives
I know it and
You know it, yeah

I get a little bit dizzy, a little bit whoa
Oh baby, when you're near me
It's all that I can do to not fall

I get a little bit dizzy, a little bit whoa
Oh baby, when you're near me
It's all that I can do to not fall

Ain't no sunshine when you're gone
I guess Bill was right when he wrote that song
I know that she's your light now
And I laugh so hard when you make fun of me
Though I can't make you happy
And I know that, yeah
But I forget

I get a little bit dizzy, a little bit whoa
Oh baby, when you're near me
It's all that I can do to not fall

I get a little bit dizzy
Oh, I get a little bit whoa
Baby, when you're with me
It's all that I can do to not fall

And oh, when you love someone
It's okay if your heart breaks for the right cause
And oh, when you say goodbye
To go live your life, that's alright
I get a little bit dizzy
When you're with me
But it's okay
If things stay the same
I get a little bit, oh
I get a little bit whoa
Baby when you're with me
It's all that I can do to not fall
Dizzy when you're with me
But then it's okay
I love you anyway
I don't know when I first knew
I don't know if you liked me too
But I do know I feel that way now
I know that we were fourteen years old
I was the weird girl
You'll never let me forget
When I think back to that time
The awkward stages of our lives
I know it and
You know it, yeah

I get a little bit dizzy, a little bit whoa
Oh baby, when you're near me

It's all that I can do to not fall
