Ella Fitzgerald, Single-O

Single-O, all the way Rain or shine Gonna stay, Single-O Till you're mine

Like the peach, At the top, of the tree Gonna stay, Single-O Till it's me

And though I don't know what caresses You expect to find I know my address is Lonesomeville till you make up your mind

When you do And it's me You adore Then I'll be Single-O no more

And though I don't know what caresses You expect to find I know my address is Lonesomeville till you make up your mind

When you do And it's me You adore Then I'll be Single-O no more
