

Ella Henderson, Missed

You think you're missed,
Well let me tell you this,
The love I felt for you,
Has flown away

And now you see,
What have you done to me
So all I can ask is why, why, why,
You made us feel like one,
I should've known you were wrong,

Oh yeah, you did it on your own,
Now you got to go,
Oh no, I won't let you bring me down,
Your tried to hurt my feelings,
You stopped me dreaming,
But here I draw the line,
I wish you luck in life and goodbye

You let me think
That you were so so true
Loose light truth can lie
You want me to go from a high straight down to a low
But all excuses hear the reasons that are everywhere
Chase your rainbows can before
Been chasing you for so long

Oh yeah, you did it on your own,
Now you got to go,
Oh no, I won't let you bring me down,
Your tried to hurt my feelings,
You stopped me dreaming,
But here I draw the line,
I wish you luck in life and goodbye
