

Ella Henderson, Yours

I'll wear your winter coat
The one you love to wear
So I'll keep feeling close
To what's beyond compare
The moment's waking up
You catch me in your eyes
That beauty on my pillow
That holds me in the night..

And I would find my strength to untaint my mouth
When I used to be afraid of the words
But with you I've learned just to let it out
Now my heart is ready to burst

Cause I feel like I'm ready for love
And I Wanna be your everything and more
And I know everything you said
But I just want you to be sure
That I am Yours

If I've been feeling heavy
You'd take me from the dark
Your arms they keep me steady
So nothing will fall apart

And I would find my strength to untaint my mouth
When I used to be afraid of the words
But with you I've learned just to let it out
Now my heart is ready to burst

Cause I feel like I'm ready for love
And I Wanna be your everything and more
And I know everything you said
But I just want you to be sure
That I am Yours
