

# Ella, I Need Your Love

I can't wait to be in your loving arms again  
I've been dreaming of  
Sky with no clouds, just happy days  
All i need it was somebody  
To feel, to feel my love  
Since the day my life has started  
I searched for love

In love again, you're always on my mind  
I musing you are mine  
Dream and deny  
In love again, your love is hard to find  
I'm lucky that you're mine  
Feeling so right

I need your love yeah  
I need your love  
I need your love yeah  
I need your love

I can't wait to be in your loving arms again  
I've been dreaming of  
Sky with no clouds, just happy days  
All i need it was somebody  
To feel, to feel my love  
Since the day my life has started  
I searched for love

In love again, you're always on my mind  
I musing you are mine  
Dream and deny  
In love again, your love is hard to find  
I'm lucky that you're mine  
Feeling so right

I need your love yeah  
I need your love  
I need your love yeah  
I need your love

In love again, you're always on my mind  
I musing you are mine

In love again, your love is hard to find
