

# Ellie Goulding, Let It Die

Toxicity slipping to my blood stream  
I give too much you suck the life out of me  
I fill my cup to drink you into someone else  
And I blame myself  
And I  
Had a dream that we were perfect for each other  
So sick driving through the suburbs  
We're going further  
And I hear a voice and it says to me  
When did you lose the light behind your eyes  
Tell me why when there's no more tears to cry  
And your holding onto love for Life  
I think it's time  
To let it die  
'Let it die'  
'Let it die'  
'Let it die'  
'Let it die'  
If you lose your self  
'Let it die'  
You can walk away  
'Let it die'  
I think it's time  
When did you lose the light behind your eyes  
Tell me why when there's no more tears to cry  
And you're holding onto love for life  
I think it's time  
To let it die  
Not High for This  
Your heart  
has  
reached its limit  
A counterfeit and now the lights are diming  
I won't go back  
Spinning around under your spell  
On a carousel, oh

I  
Had a dream that we were a beautiful endeavour  
Sunset driving through the suburbs  
But we go no further  
Then I hear a voice and it's asking me  
It's asking me  
When did you lose the light behind your eyes  
Tell me why when there's no more tears to cry  
And you're holding onto love for life  
I think it's  
time  
To let it die  
'Let it die'  
'Let it die'  
'Let it die'  
'Let it die'  
If you lose your self  
'Let it die'  
You can walk away  
'Let it die'  
'Let it die'  
When did you lose the light behind your eyes  
Tell me why when there's no more tears to cry  
And you're holding onto love for life  
I think it's time  
To let it die
