

Ellie Goulding, Worry About Me (feat. blackbear)

you can worry 'bout this
you can worry 'bout that
you can worry 'bout she
you can worry 'bout this
you can worry 'bout that
you can worry 'bout she

baby, you don't gotta
you don't gotta worry
worry about me
lately I don't think
I don't think about you
feelin' so free
been jumpin' through hoops to get under you
but now I am cool
baby, you don't gotta
you don't gotta worry
worry about me

been havin' good Times
been havin' late nights
and then you call me
ask if I'm all right, what the hell?
saying that you care about me
but you just wanna be in my head cause you're lonely
I thought I needed you to feel safe
but now that I've been through it
I am stick in a good peace
why you tryna put me in a different mood?
just because I am still out seein' someone now?

baby, you don't gotta
you don't gotta worry
worry about me
lately I don't think
I don't think about you
feelin' so free
been jumpin' through hoops to get under you
but now I am cool
baby, you don't gotta
you don't gotta worry
worry about me

you can worry 'bout this
you can worry 'bout that
you can worry 'bout she
you can worry 'bout this
you can worry 'bout that
you can worry 'bout she
don't worry about me

she say: Wyhy you gotta hit me on some I don't know shit?
I am not your property, who led you to that notion?
action speakin' louder than whatever you been smokin'
you don't gotta try and fix somebody that ain't broke, no
and you don't gotta worry where I am ar or where I am goin'
somewhetre be my lonesome
somewhere by the ocean
se can feel her nose loose
shit, the way you kill my vibe is so atrocious, it's bogus
I blocked you 'cause I don't live in the past
live in the moment
last time that you hit me up, I wrote this

baby, you don't gotta
you don't gotta worry
worry about me
lately I don't think
I don't think about you
feelin' so free
been jumpin' through hoops to get under you
but now I am cool
baby, you don't gotta
you don't gotta worry
worry about me

you can worry 'bout this
you can worry 'bout that
you can worry 'bout she
you can worry 'bout this
you can worry 'bout that
you can worry 'bout she
don't worry about me
