

# Elliott Smith, Twilight

Haven't laughed this hard in a long time  
I better stop now before I start crying  
Go off to sleep in the sunshine  
I don't want to see the day when it's dying  
She's a sight to see  
She's good to me  
But I'm already somebody's baby  
She's a pretty thing  
And she knows everything  
But I'm already somebody's baby  
You don't deserve to be lonely  
But those drugs you've got won't make you feel better  
Pretty soon you'll find it's the only  
Little part of your life you're keeping together  
I'm nice to you  
I could make it through  
But you're already somebody's baby  
I could make you smile  
If you stayed a while  
But how long will you stay with me, baby?  
Because your candle burns too bright  
Well I almost forgot it was twilight  
Even if I think that you are right  
Well I'm tired of being down, I got no fight  
You're wonderful  
And it's beautiful  
But I'm already somebody's baby  
And if I went with you  
I'd disappoint you too  
Well I'm already somebody's baby  
Already somebody's baby
