

# Elliott Yamin, I'm The Man

When I woke up with the sunlight and dreams echoing through my head  
And I heard you breathing softly I remembered the things you said  
There is no time, there is no place  
That you would rather be  
That the good times or hard times as long as you're here with me

Cause I'm the man who holds my ground  
I'm the man who sticks around  
I'm the man to hold you tight  
I'm the man in love with you (with you)

When I lay down and the moon is bright at the end of a working day  
Got a feeling I believe it and I won't let it slip away  
There is no time, there is no place  
That you would rather be  
In the cruel world on a cold night as long you're here with me

I'm the man who holds my ground  
I'm the man who sticks around  
I'm the man to hold you tight  
Cause I'm the man in love  
And I'm the man to make it right  
And I'm the man you kiss goodnight  
I'm the man who won't let you down  
Cause I'm the man in love with you (with you)

Cause it can't get much better  
And all we have is time  
As long as we're together  
I know it's gonna be alright

Cause I'm the man who holds my ground  
I'm the man who sticks around  
I'm the man to hold you tight  
Cause I'm the man in love with you  
And I'm the man to make it right  
And I'm the man you kiss goodnight  
I'm the man who won't let you down  
Cause I'm the man in love with you

With you  
With you  
In love with you
