

ELO, Beatles Forever

Beatles forever
There's something about a Beatles'
song, that lives forever more
The beauty of the harmonies,
the sound of the Fab Four
All their music will live on and
on, John 'n' Paul, George and Ringo
They really
taught the world to sing

Beatles forever, Sergeant
Peppers Lonely Hearts Club Band
Beatles forever, All You
Need Is Love, yeah yeah yeah
Beatles forever, I Wanna Hold
Your Hand wooh
Beatles forever, Hey Jude and Revolution,
number nine

'Cause when you feel the beat,
you've gotta move your feet
You get the
rhythm'n'blues, and a pretty tune
Rock'n'roll eternity, that started out as Merseybeat

I try to write a good song, a song with feel and
care
I think it's quite a good song, 'til I hear
one of their's
Makes you wonder how they did it, ooh,
John 'n' Paul, George and Ringo
I wish I knew the
secret, yeah yeah yeah

Beatles forever, Strawberry
Fields Forever and ever
Beatles forever, Nowhere Man and
Penny Lane, yeah yeah yeah
Beatles forever, Lucy In The Sky
With Diamonds
Beatles forever, Get Back and Yesterday

'Cause when you feel the beat, you've gotta
move your feet
You get the rhythm'n'blues, and a
pretty tune
Rock'n'roll eternity, that started
out as Merseybeat
All the children sing

Beatles
forever, Please Please Me, Eleanor Rigby
Beatles forever, I
Am The Walrus, yeah yeah yeah, cookoo coochoo
Beatles
forever, She Loves You, ooh, Day Tripper,
Beatles forever,
Eight Days A Week, Magical Mystery Tour

'Cause
when you feel the beat, you've gotta move your feet
You get the rhythm'n'blues, and a pretty tune
Rock'n'roll eternity, that started out as Merseybeat

Ah ah-ah-ah-ah, ah-ah ah-ah, ah-ah-all-ah
Ah,
feel the beat, ah-ah-ah-ah, gotta move your feet ah-ah ah-ah,
Rhythm and blues, ah-ah-ah-ah, pretty tune
Ah,
rock'n'roll, ah-ah-ah-ah, eternity, ah-ah ah-ah,
Startet out, ah-ah ah-ah, as Merseybeat
