

ELO, No Way Out

Can't you see I'm shaking in my shoes?
I've done everything, but I still got the blues
Everywhere I turn, there's misery
Stuck in the middle of nowhere street.

Go away, come back where ya goin'
Don't do that, do this, don't you blow it
Run don't walk, shout don't talk about it
You don't know anything about it.

It's no good there's no way out
(No way out)
A fine affair and there's no doubt
(There's no doubt)
That there's no way out, no way out.

She left some money in a paper sack
And a note to say she ain't coming back
It's no good there's no way out
A fine affair and there's no doubt
But there's no way out, no way out.

They're coming at me from everywhere
They say she's already gone from here.

Go away, come back where ya goin'
Don't do that, do this, don't you blow it
Run don't walk, shout don't talk about it
You don't know anything about it.

It's no good there's no way out
A fine affair and there's no doubt
That there's no way out, no way out
No way out (no way out)
No way out (no way out)
No way out
No way out (no way out)
No way out (no way out)...

...It's no good there's no way out
A fine affair and there's no doubt...
