

# ELO, The Bouncer

"Do you remember," you said to me,  
"That you would wait, wait for me eternally?"  
I've been wondering, and I've been hoping  
You're still the same, only you can say  
I'll be so glad to be back with you  
I'll do anything you want me to.

That's what I want, I'll be so happy, back home.

I see your light shine in my window  
And I know I am coming home  
And as the light grows, grows ever brighter  
I see your face, you are alone  
And when I tell you all the things I have seen  
You'll say that, darling, you must have been dreaming.

That's what I want, I'll be so happy, back home.

Electric visions have crossed, strange decisions have crossed  
I thank the stars above me, I have someone to love me  
That's what I want, I'll be so happy, back home.

Believe me, baby, when I say  
I wish I never, never, never, never, never be away  
For the things that I see  
Be meant for the eyes of a time  
And when we walk alone together  
That's how I want it to be, want it to be forever.

That's what I want, I'll be so happy  
That's what I want, I'll be so happy  
That's what I want, I'd be so happy, back home.
