Elton John, A Step Too Far [Aida]

[Amneris]

Ît's so strange he doesn't show me

More affection that he needs

Almost formal, too respectful

Never takes romantic leads

There are times when I imagine

I'm not always on his mind

He's not thinking what I'm thinking

Always half a step behind

Always half a step behind

Oh, oh, oh, oh

Oh, oh, oh, oh

Oh, oh, oh, oh

[Radames]

I'm in every kind of trouble

Can't you tell? Just look at me

Half ecstatic, half dejected

All in all I'm all at sea

Easy terms I thought I wanted

Fill me now with chilling dread

You could never know the chaos

Of a life turned on it's head,

Of a life turned on it's head

Oh, oh, oh, oh

[Radames & amp; Amneris]

Oh, oh, oh, oh

Oh, oh, oh, oh

Oh, oh, oh, oh

[Aida]

I am certain that I love him

But a love can be misplaced

Have i compromised my people?

In my passion and my haste?

I could be his life companion

Anywhere but where we are

Am I leader? Am I traitor?

Did I take a step to far?

Did I take a step to far?

(Begin singing Amneris' Part Again)

(Begin singing Radames' Part over Amneris)

(Begin singing Aida's Part over Rademes)

[Aida]

Oh, oh, oh, oh

[Aida & amp; Radames]

Oh. oh. oh. oh

[Aida, Radames & Amp; Amneris]

Oh, oh, oh, oh

Did I take a step too far?
