

Elton John, Chole

How come you're so understanding
When I tell you all my lies
And pretending to believe them
See through all my alibis
And I need you more than ever
And I want you till the end
Chloe

How you handle what you live through
I can never hope to learn
Taking all the pain I give you
Loving blindly in return
And I need you more than ever
I will always be your friend
Chloe, Chloe

Chloe, what you gonna do about me
Chloe, what you gonna do
What you gonna do about me

You're the lifeline that I cling to
When I feel like giving in
When the dreams that I rely on
Start to wear a little thin
Then I need you more than ever
And I want you till the end
