

Elton John, Gypsy Heart

Music by Elton John
Lyrics by Bernie Taupin

You win again, you gypsy heart
I count the days that we're apart
I sleep alone when you're away
No sense in saying I wish you'd stay
It's all the same, you never change
You come and go just like the rain
I pray each day that you are gone
This time it won't be so long

Your gypsy heart will never find
Any arms as warm as mine
And gypsy when we meet again
I'll play my part
And wrap you up inside my arms
Oh you gypsy heart
Your gypsy heart can always call
When your back's against the wall
And darling then I'll just pretend
Right from the start
You never left me on my own oh you gypsy heart

I pray each day that you are gone
This time oh it won't be so long
