

Elton John, Trust Me

Music by Elton John

Lyrics by Tim Rice

From the soundtrack "The Road To El Dorado"

Looking back it makes me shiver

Don't be scared to kick the past

Selling lovers down the river

Nothing built for speed will last overnight

All those years of desolation

Pretty boys and damage done

Not the way to find salvation

Looking after number one

Trust me

Try rolling with the flow

Trust me

I've been there don't you know

I'm giving you a chance, so take it

I got all you want, you'll make it

Standing there in front of me, you're naked

You can't hide a thing, you've got no choice

Trust me

Too many years your heart has wandered

Scared to make a final move

Too many nights those boys have squandered

You got nothing left to prove

I'm giving you a chance, so take it

I got all you want, you'll make it

Standing there in front of me, butt naked

You can't hide a thing, you've got no choice

Trust Me

Trust Me

Trust Me

Trust Me

Trust Me
