

Elton John, You Gotta Love Someone

Music by Elton John
Lyrics by Bernie Taupin
Released as a UK single in 1990

You can win the fight, you can grab a piece of the sky
You can break the rules but before you try
You gotta love someone
You gotta love someone
You can stop the world, steal the face from the moon
You can beat the clock, but before high noon
You gotta love someone
You gotta love someone

You've got one life with a reason
You need two hearts on one side
When you stand alone and there's no one there
To share the way it feels inside and baby

You can cheat the devil and slice a piece of the sun
Burn up the highway but before you run
You gotta love someone
You gotta love someone

When you're gonna play with fire
You let someone share the heat
When you're on your own and there's no one there
To cool the flames beneath your feet and baby

You can win the fight, you can grab a piece of the sky
You can break the rules but before you try
You gotta love someone
You gotta love someone

You gotta love someone
You gotta love someone
