

Elvis Presley, Husky Dusky Day

Marchin across the green grass, green grass, green grass
Marchin across the green grass on a husky dusky day
(Were marchin off to get married married married)
Were marchin off to get married on a husky dusky day
Youre awful dusty and ragged ragged ragged
Youre awful dusty and ragged this husky dusky day
(Im just as good as you are, you are, you are)
Im just as good as you are this husky dusky day
Ill climb through your window, window, window
Ill climb through your window this husky dusky day
(Ill lock and bar the window, window, window)
I think your off the key now (I know and I just cant help it)
