

Elvis Presley, I've Got To Find My Baby

I've got to find my baby
I wonder where can she be
Has anybody seen her?
Send her back to me

She left me here all alone
And I ain't had no lovin', "(hey hey hey)"
Since my baby's been gone
My baby's gone

I've gotta find my baby
I gotta hold her tight
And tell her I love her
That everything's alright

So I'll keep searching all night long
'Cause I ain't had no lovin', "(hey hey hey)"
Since my baby's been gone
My baby's gone

I've gotta find my baby
I've gotta find my baby
Gotta find my baby
